

Michał Rudziński

Senior Microsoft Dynamics NAV / 365 Business Central Developer

+48 509 894 005 • michal@rudzinski.dev • rudzinski.dev • Kraków, Poland (Remote) • linkedin.com/in/rudzinskidev

PROFESSIONAL SUMMARY

Senior Microsoft Dynamics NAV and Business Central Developer with over 7 years of experience. I work confidently with both AL and C/AL and have delivered numerous custom developments, system migrations, API integrations and process automations. I focus on writing clean, maintainable code and building practical solutions that fit the business needs. I regularly review code, optimise performance and support other developers with the modern AL extension model.

TECHNICAL SKILLS

Languages & Development: AL (primary for Business Central) • C/AL • Custom development & extensions
ERP Systems: Microsoft Dynamics NAV • Microsoft Dynamics 365 Business Central
Integration & Automation: REST APIs • Workflow design • NAS tasks • Background processes • System migrations
Tools: Azure DevOps • JIRA • SQL • Git • Other: Windows environments • Microsoft Office (Advanced)

PROFESSIONAL EXPERIENCE

Senior Microsoft Dynamics NAV / 365 Developer

Xtend New Media • September 2021 – Present • Remote, Poland

- Worked on migrations of Dynamics NAV/365 environments to newer versions. Planned and executed the upgrades while keeping downtime to a minimum and ensuring the systems remained stable afterwards.
- Built custom automations, NAS tasks and background processes that reduced repetitive manual work and improved day-to-day reliability for clients.
- Developed complex customisations and extensions (both core and external modules) that matched specific and changing business needs.
- Designed and implemented workflows that automated key business processes and made daily operations smoother and more consistent.
- Created secure APIs and integrations with external systems so data could flow reliably between different applications.
- Worked extensively with AL on Business Central. Follow best practices, review code, optimise performance and support other developers with the modern extension-based approach.

Microsoft Dynamics NAV / 365 Developer

IT Vision • 2019 – 2021 • Remote, Poland

- Developed and maintained customisations in both AL and C/AL for Dynamics NAV and Business Central according to client requirements.
- Created and modified reports, document layouts and new functionalities to fit different business processes.
- Investigated and fixed complex issues and errors in NAV/365 environments, usually under time pressure.
- Provided technical support to clients and helped them get the most out of the system with minimal disruption.
- Built APIs that connected Dynamics NAV with other applications and services used by clients.

EDUCATION

Bachelor of Engineering (BEng) in Computer Science and Econometrics

Andrzej Frycz Modrzewski Krakow University, Kraków, Poland • September 2018 – February 2022 (Extramural studies)

LANGUAGES

English – Professional Working Proficiency (Technical & Business Communication) | Polish – Native
